

the Mist

ANDROMEDA

ANDROMEDA

the Mist

for individual contemplation only

Space within the earth's atmosphere is a limited extent, a period of time, a measurable distance.
Contemplate the void that surrounds objects and answer me: how many perceptions, emotions,
experiences cross us being them part of such space?

Wonder now about new perspectives. Evoke a mood. Emphasize an atmosphere.
You see? It's always a matter of being the most delicate and passionate before being superimposing.

This is what "The Mist" is all about. The expression of our human experience within the world.
Beautifying, improving, universalizing a fictional world, a world of illusion, appearances, aesthetics
and images is as strenuous as inventing new affinities.

Re-interpreting existing worlds implies the use of mature senses well beyond reference to reality.

Marzia Vianello
Andromeda International

the Mist *da contemplare in solitario*

*Lo spazio nell'atmosfera terrestre è una dimensione limitata, è un periodo di tempo, una distanza misurabile.
Contemplate il vuoto che circonda gli oggetti e ditemi: quante percezioni, emozioni, esperienze che sono parte
di quello spazio ci attraversano?*

*Interrogatevi ora su nuove prospettive. Evocate uno stato d'animo. Enfatizzate un'atmosfera.
Vedete? È sempre questione di usare la massima delicatezza e passione prima di imporsi.*

Questo è "The Mist": l'espressione della nostra esperienza umana entro i confini del mondo.

*Abbellire, migliorare e rendere universale un mondo fittizio, un mondo di illusioni, di esteriorità, di apparenza
e di immagini è arduo quanto inventare nuove affinità: reinterpretare dei mondi esistenti richiede l'uso
di sensi maturi, ben oltre qualsiasi riferimento alla realtà.*

The Vetro Artistico di Murano trademark is granted to carefully selected companies, based on strict criteria.
A highly qualified technical and scientific commission keeps the use of the trademark constantly under control.
Only authentic products and glassmakers whose work is based on the original Muranese glassmaking traditions are authorized to display the trademark.
