ZUBEHÖR / ACCESSORIES

Befestigung auf einem Fundament
Alle Poller/Standleuchten können ohne Zubehör auf einem Fundament befestigt werden.

Mounting on a firm ground
All floor lights can be mounted on a firm ground without accessories.

Einbau im Boden
Für den Bodeneinbau von Poller/Standleuchten bitte das Erdstück mit (oder ohne) Montageplatte separat bestellen (siehe Tabelle).

Mounting on a soft ground
For assembling in soft ground, please order the separate anchorage unit with (or without) mounting plate (see table).

Erdstück / anchorage unit
Stahl verzinkt / steel zinc-plated

Produktinformation

Transformatoren:
Die im Katalog geführten Niedervoltleuchten sind mit hochwertigen elektronischen Transformatoren ausgestattet. Diese Transformatoren sind kurzschlussfest und gegen Überlast gesichert. Bei Übertemperatur erfolgt eine automatische Leistungsrückregelung. Zum geräuschlosen Dimmen verwenden Sie bitte grundsätzlich Phasen-Abschnitt-Dimmer.

Betriebsgeräte für LED-Leuchten:
Zum Betrieb von LED-Leuchten werden ausschließlich hochwertige elektronische Betriebsgeräte verwendet. Sofern diese dimmbar sind, ist das in den Produktbeschreibungen auf den Katalogseiten gesondert vermerkt. Zum Dimmen verwenden Sie bitte einen Phasen-Abschnitt-Dimmer. Bitte beachten Sie hierbei evtl. Mindestlasten des verwendeten Dimmers. Davon abweichende Dimmbarkeiten (1-10V, DALI) sind entsprechend gekennzeichnet.

Betriebsgeräte für Leuchtstoff- und Kompaktleuchtstofflampen:
Zum Betrieb von Leuchtstoff- und Kompaktleuchtstofflampen verwenden wir ausschließlich elektronische Vorschaltgeräte (EVG). Auf Anfrage sind die meisten dieser Leuchten auch mit dimmbaren EVG (1-10V, DALI) lieferbar.

Leuchtmittel
gehören nur dann zum Lieferumfang, wenn diese in den Produktbeschreibungen ausdrücklich als inklusive (incl.) gekennzeichnet sind.

Bitte beachten Sie, dass Leuchtmittel Verbrauchsgüter sind und nicht den ansonsten gültigen Sachmängelansprüchen unterliegen.

Sonderanfertigungen:
Gegen Aufpreis sind Sonderlängen und geänderte Farbkombinationen möglich.

Pflegehinweis:
Für die Leuchtenpflege bitte nur ein weiches trockenes Baumwolltuch benutzen. Bitte keine Reinigungsmittel und Flüssigkeiten verwenden.

Helestra Leuchten sind nach den Bestimmungen VDE 0711/EN 60598 gefertigt.

Bitte beachten Sie zusätzlich die der Leuchte beigefügten Gebrauchs- und Montageanleitungen.

Konstruktionsänderungen behalten wir uns vor.

Bei den Maßangaben handelt es sich um ca.-Abmessungen.

Product information:

Transformers:
All low-voltage lighting fixtures are fitted with high-quality electronic transformers. These transformers are inherently short-circuit proof and self-recovered overload protected. The power is automatically reduced when temperature exceed certain levels. Please always use trailing edge dimmer for noiseless dimming.

Control gears for LED-lamps:
For operation of LED-lamps will be used high-quality electronic gears. Information about dimmability is recorded in product specifications on catalogue pages. Please use trailing edge dimmer for dimming. Please pay attention to the minimum load of used dimmer. Any different dimmabilities (1-10V, DALI) are marked on catalogue pages.

Ballast for fluorescent and compact fluorescent lamps:
For operation of fluorescent and compact fluorescent lamps will be used only electronic control gear (ECG). On request most of these lighting fixtures are available also with dimmable ECG (1-10V, DALI).

Bulbs
only included in delivery, if explicit declared as included (incl.) in product specifications.

Bulbs are consumables and thus not subject to otherwise applicable defect warranty rights.

Special designs:
Special customer requests, such as special lengths and different colour combinations, are also available against a surcharge.

Care information:
Please only use a soft dry cotton cloth to clean the lamps. Please do not use cleaners or liquids.

Helestra lamps have been manufactured in accordance with the provisions of VDE 0711/EN 60598.

Please also read the instructions of use and assembly supplied with the lamps.

We reserve the right to design modifications.

The measurement specifications refer to approximate dimensions.
