SALES CONDITIONS

1. PRICES

- 1.1. Prices do not include VAT.
- 1.2. Prices do not include bulbs.
- 1.3. This price list substitutes all previous ones.

2. ORDERS

- 2.1. Only orders received by fax, web or e-mail will be accepted.

3. PAYMENT TERMS

- 3.1. Payment by wire transfer.
- 3.2. Payment is in advance against pro-forma invoice.
- 3.3. The Customer cannot deduct any claim as compensation unless they have been authorized in writing by the company.

4. TRANSPORT CONDITIONS

- 4.1. Incoterm will apply in all cases EXW, being all transport costs assumed by the customer. The customer will contract the courier or the forwarder.
- 4.2. Any claim for refund resulting from damage caused to products during transportation should be made to the carrier. Receiver assumes transport risk in all cases.

5. RETURNS

- 5.1. All returns of goods must be authorized by our sales department, which will issue a notice number. Returns must be sent with the original packaging and carry the notice number. In case no notice number is visible, the warehouse will reject the return.
- 5.2. In case our Quality Department, upon checking the returned goods, finds that the defects of the products are not Grupo T responsibility, the Customer will be charged the costs to resend the products and any other related cost.

6. WEB

- 6.1. The publication of any Vibia product on the internet is subject to specific conditions. Please, request such conditions and a written authorization to publish Vibia products on the web.

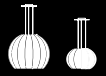

7. GENERAL CONDITIONS

- 7.1. GRUPO T DIFFUSION, S.A. has the right to modify or replace any product or finishing without prior notice.
- 7.2. The customer declares to understand and accept the above-mentioned conditions.
- 7.3. The court of Barcelona has the sole jurisdiction in any litigation, even if the transport is paid for and the claim originates anywhere else.

Glossary

CE

Product complying with the EN60598-1 and EN60598-2-1 European regulation..

IP

Level of protection. Electrical products are prepared to avoid solids and liquids from getting in contact with the electrical parts. Such resistance is expressed as IP followed by two digits: the first digit indicates the level of resistance to solid objects and the second one to liquids. The scale goes from IP20 to IP68.

IP20

Product protected against solid object as big as or bigger than 12 mm. No protection against water.

IP64

Dust-tight product. Protected against water spray.

IP65

Dust-tight product. Protected against water trickles.

IP66

Dust-tight product. Protected against water spurts.

INSULATION CLASS

Class I. Product with an additional protection cable (grounds).

Class II. Product protected against electric shock having a double insulation. No grounds.

Class III. Product protected against electric shock based on a very-low voltage system. No grounds.

FLAMMABLE SURFACES

Product suitable to be installed on any kind of surface (EN 60598).

Product that CANNOT be in contact with normally-flammable materials (wood or others).

CUT OUT

Dimensión del alojamiento para empotrar.

NO ELECTRONIC EQUIPMENT INCLUDED

The lamp does not include any electronic equipment (transformer, driver, ballast...).

INTEGRATED DIMMER

Lamp that has a integrated dimmer.
