Il dimmer potrebbe causare tremolio della luce se si utilizza una lampadina di wattaggio inferiore a quella indicata come potenza minima.

**Non è garantito il corretto funzionamento del dimmer con lampadine LED retrofit o fluorescenti compatte con alimentatore integrato.**

La potenza di lampada indicata, riferita alle sorgenti alogene, è da valutare singolarmente per l'alternativa fluorescente compatibilmente con l'ingombro della lampadina.

*The dimmer could cause flickering of the light if you use a bulb with a lower wattage than the one indicated as per minimum power.*

***We do not guarantee the right working of the dimmer with led retrofit or compact fluorescent bulbs with incorporated feeder.***

*The wattage indicated for each lamp, referred to the halogen sources, should be valued individually for the fluorescent option according to the size of the bulbs.*
